

## Hoffman Is Named To Hospital

Harold Hoffman, of Ganges, is the newly appointed administrator of Lady Minto Gulf Islands Hospital. He will assume his new duties on January 1, 1963.

A native of Saskatchewan, Mr. Hoffman has resided on Salt Spring Island for the past five years, although he acquired property on the island nine years ago.

He is 42 years of age and is currently employed by the B.C. Forest Products Ltd. at Crofton. He was chosen from a wide slate of applicants.

The new administrator will take over the reins from Group Captain W. E. Dipple who is retiring after a number of years in office. Mr. Hoffman was previously in business in Vancouver and West Vancouver.

## FOUR ARE ENDORSED As Sidney Voting Discussed

Four candidates for office have been endorsed by Sidney Ratepayers' Association.

On Friday evening the association endorsed the candidature of retiring Commissioner J. H. Larocque and L. R. Christian for council seats. Also named were two candidates for the one seat on Saanich School Board. They are T. A. Aiers and Gordon Campbell.

The association inspected the five ballots which will be presented to Sidney voters on December 6.

In addition to electing two commissioners and a school trustee, ratepayers will decide the fate of three plebiscites. They will be invited to approve the dedication of the waterfront park on Fifth St.

as park property; the establishment of a regional library in Sidney and the entry of the area to the west of the village boundary and north of Henry Ave. into the village.

The various subjects were discussed by ratepayers, although no endorsement or formal comment was made.

### PRELIMINARY MOVE

The 30 ratepayers present in the Sidney Hotel were told that the dedication by-law is necessary to establish the waterfront area as an official park. A dedication ceremony may follow, but initially the council must establish the park by-law.

John Hicks, of the Sidney and North Saanich Chamber of Commerce outlined the library proposal and answered a number of enquiries.

No comment was made on the incorporation by-law because it had been planned subsequently to the preparation of the evening's agenda.

D. W. Ruffie, president of the association, took the chair, with Chairman A. A. Cormack of the village council and other members present in the hall.

## Salaries Scale To Be Arbitrated

Gulf Islands teachers contract negotiations have been submitted to arbitration following failure to reach an agreement at a recent conciliation meeting.

Sam Hughes, Salt Spring Island, was conciliator for the school board. John Barsby, Nanaimo, represented the teachers.

## Bookmobile To Be In Sidney On Saturday For Display

Regional Library bookmobile will be on display in Sidney on Saturday.

The travelling library will be set up here at 3 p.m. and an attendant librarian will answer the questions of local residents in connection with the forthcoming plebiscite.

There are no plans for the use of a bookmobile in this area. The

## Referendum Examined

A long look will be taken by Gulf Islands school board at the proposed new referendum for additions to the school at Ganges. Following discussion by trustees at their regular meeting in Ganges on November 13, buildings and grounds committee was instructed to prepare a further report on the subject.

Letters expressing regret and conveying the thanks of the board will be sent to trustees Mrs. Hilda Prior, Pender Island, and A. D. Dane, Pender Island, whose resignations were accepted. Mrs. Prior and Mr. Dane served on the school board for eight and nine years respectively.

SODN.-LDR. O. B. PHILP

## HE IS AMONG FIRST TO FLY CF 104 SUPERSONIC JETS

Among the first group of pilots to graduate on the supersonic CF 104 aircraft from No. 6 Strike Reconnaissance Unit at R.C.A.F. Station Cold Lake, Alta., is Squadron Leader O. B. Philp, son of Mr. and Mrs. Bartley S. Philp of 10202 Patricia Bay Highway, Sidney.

Educated at the University of Manitoba, Sqn. Ldr. Philp joined the air force in 1942 and later served overseas in Europe and India during the Second World War. He is also a graduate of the Empire Test Pilots' School in Farnborough, England, and the Royal College of Defence Studies in London.

The flier's wife and two children reside in the Seacrest Apartments, Third St., Sidney.

SODN.-LDR. O. B. PHILP, D.F.C., Tuesday, Nov. 21, the air force announced this week.

## AWARDED MEDAL

ALAN CALVERT, J.P.

On Monday evening prominent community figure of Sidney, Alan Calvert, J.P., was presented with the Meritorious Medal of the Royal Canadian Legion at the Legion Hall, Mills Road, Sidney. The presentation was made by Lieut. Governor George R. Pearkes, V.C.

Mr. Calvert has been an active member of the Legion since its inception here and has held office in the Saanich Peninsula Branch for decades. The incident was followed up on Tuesday evening when Mr. Calvert received a standing ovation at the annual banquet of the Sidney and North Saanich Chamber of Commerce in token of the distinction. The recipient has also been active for many years in the latter organization.

## IN THREE AREAS HERE

## Nominations Close On Monday As Few New Candidates Appear

Candidates for the forthcoming municipal and school administrative elections must be nominated by noon on Monday, Nov. 26.

Nominations close at noon on Monday and the election will follow on Thursday, Dec. 6.

To be filled are three council seats and the reeve's chair in Central Saanich; two commission seats in Sidney; two school trustees' seats in Central Saanich, one in Sidney and one in North Saanich.

In Central Saanich only the retiring representatives have indicated plans to run. In Sidney one new entrant is announced for the seat as commissioner, while two are seeking election as school trustees.

The North Saanich school board seat is not yet contested.

Final candidates will be revealed on Monday.

## Long Time Resident Of Sidney Dies

Long time resident of the Sidney district, Mrs. F. J. (Amy) Barrow passed away in Rest Haven Hospital on Wednesday at the age of 81 years. She had been in failing health for the past 20 years.

The deceased was born in Sussex, England, daughter of the late Sir John and Lady Bradford. She married in England and came with her husband to Saturna Island some 55 years ago. Later they acquired an historic property on the waterfront north of Sidney where they resided until it was disposed of to Joe John several years ago.

The deceased was childless and is survived only by nieces and nephews in England, South Africa and the U.S.A.

On their arrival at Saturna Island, Mr. and Mrs. Barrow acquired a boat in which they cruised the entire B.C. coast frequently. They were enthusiastic collectors of Indian artifacts and their valuable collection was subsequently presented to the B.C. archives. Her husband was an active supporter of the local Rangers during the Second World War and aided the local Scout movement materially. He succumbed before the end of the war.

Funeral services will be conducted by Rev. Canon F. C. Vaughan-Birch in Sands Funeral Chapel of Roses on Friday at 3 p.m. Cremation will follow.

## A LETTER FROM FRANCE

### Addison Asks About Dairying Here

Charles Addison, formerly of Curtes Point, North Saanich, now resides at Mailly-Maillet, Somme, France, where he represents the Canadian government in an executive capacity. He forwards his subscription to The Review, and asks a number of pertinent questions about his old home area.

Mr. Addison's letter, in part, is as follows:

"The pattern of life there hasn't changed at all, squabbles over zoning or taxes or something and always building going on. One thing Margaret and I would like to know, if you have a moment to explain, is there no more dairy farming there? If there is not then what has happened to Ay, lard, Frank Edgell and the others? We read where Frank had a trout farm but we don't know whether he still has cows or not. It would be nice to hear some of the local goings on from you if you could spare the time.

"Life here seems to move from one little panic into another but really it has been a most pleasant summer. There is a bit of political unrest at the moment but apart from that no one seems very alarmed over either Cuba or Ber-

lin, in fact some of the papers seem quite amused over the panic in America, especially Gov. Rockefeller's warning for everyone to get shelters, no home should be without one sort of thing."

To solve Mr. Addison's problems, The Review should make it clear that dairy farming is still carried on here but that dairy herds are fewer than in the past because of rising costs. Breckenhurst, the Jersey farm of A. W. Aylard, is still operated as such, although its direction is now in the hands of his sons, Frank Edgell still raises cattle, along with trout, but they are now the beef variety, rather than milk producers.

## NO CONCERN WITH NAMES

Sidney Ratepayers' Association has asked to be relieved of the concern for naming village streets.

Several years ago the association asked the council for information at any time a street name was to be changed. On Friday evening the association informed the council that it was no longer concerned.

In future the council will act in this connection without consultation with the ratepayers' association.

## SOME WORK REMAINS BUT EXTENSION OPEN

The 1,600-foot runway extension at Patricia Bay Airport has now been in use for over a week. Some work on approach lights still remains to be done however, and it will be several weeks before the entire project is completed.

With the opening of the extension for traffic, a small orange and white building housing equipment for instrument landing approach was moved 1,000 feet east from its old location behind Sanscha Hall and is now located on the east side of Lochside Drive, next to the Sidney-Anacortes ferry wharf.

Your United Appeal in the Greater Victoria Area

## Two Die In Month On New Highway

### —Car Rolls On Curve

Two people have now met violent death on the Patricia Bay Highway diversion—less than three months since the road was opened to traffic.

Latest victim was Lester A. Stilling, 43, a Victoria businessman, who died when the car in which he was riding went out of control on a curve just south of the Beacon Ave. intersection. The accident occurred several minutes before 7 p.m. last Thursday evening.

Two other men, Peary Johl, 34, and Bent Irmischer were taken to Rest Haven Hospital with injuries sustained when they were thrown from the death car. Mr. Johl was later transferred to St. Joseph's Hospital in Victoria where he was reported in satisfactory condition with head injuries, multiple lacerations and abrasions. Mr. Irmischer is also in satisfactory condition with a fractured left leg, bruised right leg and pelvis and head injuries. He remained in Rest Haven.

### TOTAL WRECK

The automobile, a 1962 Buick, was a total wreck, with parts scattered along a 500-foot stretch of the highway.

The men were on their way to the Swartz Bay ferry terminal where Mr. Irmischer was to leave for Vancouver. The dead man superintendent of Plummer Bay Sawmills Ltd., accompanied the other two businessmen on a last-minute decision. Mr. Johl was president of the sawmill company.

Mr. Stilling was noted as a hero of World War Two, and is credited with saving the life of Leon Hall, 1810 Chandler.

### SECOND FATALITY

First to die on the new stretch of highway was 87-year-old Herbert Barton of 8203 West Saanich Road. Mr. Barton died when the automobile in which he was a passenger collided with a car driven by George Raymond Whitehead of Victoria at the intersection with Weller Ave. This fatality occurred on October 19, less than one month before the second.

### INQUEST POSTPONED

A preliminary inquest into Thursday's fatal accident has been held but a full inquest has been postponed indefinitely until the two injured men are able to give evidence.

The death of Mr. Stilling was the second in two days in Sidney. The previous day, Wednesday, Nov. 14, Robert Ingram, 24-year-old son of Mr. and Mrs. R. Ingram, 9972 Fifth St., died when he ran into a car driven by William Henry Curtis of Seattle.

## Slave Market Friday

On Friday, Nov. 30 at 8 p.m. in Mahon Hall, all Salt Spring Lions Club members will be offered for auction for one day's work at odd jobs. The "slaves" to be auctioned will also provide entertainment for the evening, featuring skits and choruses. An enjoyable time is promised to all—bidders and non-bidders.

Local Lions will be hosts to 14 other Lions Clubs at a zone dinner meeting to be held at Harbour House, next Sunday, Nov. 25. Dr. R. B. Bourdillon will be guest speaker.

A new floor has been laid in Mulford Hall with help from the club roller skating, held under Lions Club auspices, will be resumed Saturday afternoon and evening, Nov. 24.

Plans are being made by the club to have a lighted Christmas tree in Ganges again this year.

## DON'T BUY IT AT THE DOOR!

### Ask Teacher's Advice First

Glimpse of a future method of education was given to members of Salt Spring Island Service Club at a recent meeting held in Ganges school.

A. L. Cartier, department of education, Victoria, spoke on "Programmed Learning and Teaching Machines", a teaching system becoming widely used in the United States, but still in its infancy in Canada.

The system makes use of programmed material based on five principles of learning, said Mr. Cartier:

1. Small steps. Learning material is presented in very small steps, one at a time, by means of frames.
2. Active responding. When information from one step is absorbed the answer is written in another frame.
3. Immediate confirmation. Answers to questions are checked without delay, eliminating disadvantages of delayed time before results are known.
4. Self-pacing. The student controls his own rate of progress.
5. Student-testing. By following this principle the teacher is able to locate weak spots in the

learning material. Programmed learning also makes extensive use of the principle of review.

Mr. Cartier advised parents not to buy teaching machines from door-to-door salesmen, with the idea of helping their children. Teachers should first be consulted before any such purchase is made.

Teaching machines are used widely for adult education by business firms, said the speaker. Industry provides instruction for more people than do colleges, he said. Speaking of the rapid growth of education, Mr. Cartier noted that half of British Columbia schools were built within the past 10 years.

Following a discussion period, a vote of thanks was extended to the speaker by Dr. R. B. Bourdillon, Science Club president.

### RETURNS TO OTTAWA

Mrs. Bertram Gratton has returned by jet to her home in Ottawa, after visiting at the home of her brother-in-law and sister, Mr. and Mrs. Donald Paterson, 7109 East Saanich Road, during the illness of her sister, Mrs. George Anthony, who resides at the same address.

## Christmas Lighting Planned Sponsored By Chamber Here

Sidney and North Saanich Chamber of Commerce is seeking the co-operation of all merchants in Sidney to brighten up the village for this year's Christmas season.

The emphasis is on individual store lighting, rather than on street lighting. The chamber plans to erect and decorate two large Christmas trees on Beacon Ave. as there was so much favorable comment on the tree erected last year. Members of the chamber will be approaching all store owners to encourage them to take part and also to assist in the provision of lighting supplies at a reduced cost through bulk purchases.

In anticipation of full support in the venture, it is planned to hold a lighting-up ceremony at 7 p.m. on Friday, Nov. 30, when all the Christmas lights will be switched on simultaneously.

The North Saanich Secondary School Band and the Sidney Choral Group will be on hand to present the Christmas Story, a selection of Christmas music and carols in which it is hoped the public will participate. Santa will be on hand with candies and small gifts for the children. Further plans for this event will be announced later.

This Christmas, as last year, there will be a competition for the

## Variety Concert Proceeds For Pathfinder Club

Variety benefit program, sponsored by the Home and School Association of Rest Haven Church was held Sunday evening from 7 to 10 p.m. in the Rest Haven school auditorium on Bowerbank Road, with all proceeds going to the Pathfinder Club.

A capacity audience enjoyed the many fine performances from youngsters aged 7, to white-haired grandmas and grandads. Under serious secular music, Mrs. N. Thachuk and Mrs. R. Matiko won first prize playing "Friska" from the Hungarian Rhapsody; while in her monologue of "Green Mountain Justice", Mrs. E. Butler of Adelaide, Australia, came first in poems and monologues sections.

In the light secular music T. J. Bradley, S. Were, B. Kwiram and N. Thachuk captured first place by singing "Old Mother Hubbard". In the laugh-packed novelty section Mrs. C. E. Wenherby, W. Crook and S. Were, won first prize for their performance "At the Station".

## PLATINUM ROUND

To protect against damage from ultraviolet rays, energetic electrons and dust erosion, the solar cells of the Telstar communications satellite are covered by clear, man-made sapphire. Platinum is used to hold the sapphire in place.

## KEEP YOUR EYE ON THE BILL

## B OF M ADVISES ITS LADY TELLERS

"Keep your eye on the bill" and avoid conversation with the customer while counting money.

That's a prime rule for success behind the wicket, according to a new book being read this week by some 2,500 Bank of Montreal tellers, almost all of them women, in 900 offices coast to coast.

Development of the book is the latest gambit in the bank's continuous program of teller training, involving several hundred new girls annually, plus refresher studies for longer-service employees.

## SANTA'S SALE

## FOR SANSCHA

By MRS. SANTA'S HELPER

## SANTA EXPLAINS

The reason Paddy is having trouble gathering "nice junk" is because she made an old gravy boat into an Aladdin's lamp, and the geni, with limited talent, keeps making dainty lavender sachets which will be sold on the Garden Club stall, December 1.

Other garden produce is needed; plants, vegetables, shrubs or what have you. Dorothy Townsend, GR 5-1518 says to please leave your donations at Sanscha Hall on Friday or the morning of the bazaar.

## SANTA HEARS

Winnie Gardner saying, "More clever sewing for my stall!" as she receives baby nighties sewn by Mrs. Idiens.

"I can't sew, but I can sure tie ends," remarks Phyl Dow as she twists another knot.

"That makes a total of 86 eyes, 43 mouths and noses," chuckles Viv Cowan as she puts away her paint and brushes.

"I need enough felt for one more beard," smiles Bette Thomas as she manoeuvres one of her Santa puppets.

"Can't do the tea this year," laments Gladys Sealey, "but I'm still with you, sewing and constructing in my spare time."

"I'll make the apron, wrap the gifts, work on a stall and gather articles," breathlessly states Peggy Watts, the "lady with a thousand pockets".

"Sure I'll help the Balloon Lady," says Barry Cowan with conviction. "I'll help her too," volunteers Donnie Bower. "But then I have to help Mom on the candy stall."

"Don't be alarmed if your phone rings asking you to donate to the Legion Ladies' home cooking stall when you're already in the middle of cottons, felt, beads and glue," explains Lil Hunt. "You see, my

## CENTRAL SAANICH

### GUIDE AND BROWNIE NEWS

Margaret Godfrey Rosman, and is well known in the district. Central Saanich Little League "Flyers" will repeat their yearly effort to raise funds necessary for equipment by selling Christmas trees in their district.

### Important Baseball Meeting

A meeting will be held on Thursday, Nov. 22 in the Legion Hall on Mills Cross Road, for the purpose of organizing the district to participate in a broader capacity in Babe Ruth League baseball next season.

During the past season, two teams participated on an invitation from the Gordon Head Babe Ruth League which is sponsored by Mary's Coffee Shop and the Satellite Fish Co. Sponsors for the Brentwood team were Dawson Electric and Clark Bros. Boat Works.

Officials are asking representatives from all areas to attend the meeting as much information is required about player potential, playing fields and other related items.

### "SOIL SICKNESS" PROBLEM

### Experimental Farm Notes

By D. J. BALLANTYNE  
Farmers have often noticed that when one crop follows another in the same soil, the second crop does not live up to their expectations.

The reasons for this situation are almost too numerous to mention—depletion of soil nutrients by the first crop, breakdown of

Kingswood Girl Guide and Brownie campsite at Elk Lake has now been paid for — two years earlier than anticipated.

The decision to pay the remaining amount on the campsite was made by the Saanich Division at a meeting held in the home of Mrs. Freeman King, deputy division commissioner. All other money collected for the campsite fund will now be used to make improvements around the site and lodge.

Camp assessments from packs and companies were discussed, and Division Commissioner Mrs. J. T. McKevitt suggested \$1 per year per member (Guide or Brownie), this to be paid by local associations. All present agreed that this was a fair method as the groups vary a great deal in size.

**TEA SUCCESSFUL**  
The division tea, held at the home of Mrs. W. C. Woodward, Woodwyn Farm, was very successful in spite of the rain, with a balance of \$1,032.79 being recorded. Mention of the annual census papers was made and the deadlines for sending them in was noted.

soil structure, and a buildup of harmful organisms in the soil, such as nematodes or fungi, all contribute. One factor often ignored has been the release of toxins by root residues of the preceding crop.

In Ontario young peach trees grew very little or not at all if they were planted in the sites of old peach orchards.

Scientists at the Harrow, Ontario, laboratory of the Canada department of agriculture found that compounds containing cyanide were present in peach roots, and that this cyanide was released into the soil as the roots of the removed peach trees decomposed. This cyanide retarded the respiration of the roots of the young peach trees planted in the old orchard site. Thus, the growth of the freshly planted peach trees was retarded.

**CHRYSANTHEMUMS**  
A few years ago, a similar situation was noticed by greenhouse chrysanthemum growers in Ontario. By the use of lighting and shading, a greenhouse operator may have three or sometimes four crops in one year. However, after several crops had been grown in the same soil there was a reduction in both growth and flowering.

### Leaders Needed At Brentwood

Girl Guides and Brownies in the Brentwood area have not been able to resume their program this fall due to a serious lack of leaders.

It was reported at the recent meeting of the Saanich Division that there is a great need for three guides in Brentwood. There are a number of eager guides and a lot of Brownies who are waiting to start their activities again in the automatically heated hall, it was noted. Two leaders are needed to help the Brownies, and one for the Guides.

Anyone who could help in this situation is asked to telephone the district commissioner, Mrs. T. Brock at GR 4-2067. Previous experience is not necessary as training is available and help will be given at the start.

daughters are asked to phone Mrs. K. K. John at 473-3167.

Rangers of the Sea Ranger crew S.R.S. Margaret acted as guard of honor for one of their members, Karen Cronk, at her recent wedding in Victoria.

### SOCCER GAME CANCELLED

Soccer game scheduled for Wednesday evening, Nov. 21, between teams from Claremont senior sec.

ondary school and Nanaimo, was cancelled due to the poor condition of the playing field at Royal Athletic Park.

Weather permitting, the game will be played during the first week in December. A specific date will be announced later.

### THE CORPORATION OF THE DISTRICT OF CENTRAL SAANICH

## PUBLIC MEETING

The Municipal Council will hold a Public Meeting on Friday, November 30th, 1962, in the gymnasium, Mount Newton Secondary School at 8.00 p.m.

Purpose of the meeting is to discuss the past year's business of the Municipality and to explain the necessity of construction of a new Municipal Hall and Council Chamber.

All residents and ratepayers are cordially invited to attend.

## IT WAS NOT VERY FUNNY

WITHIN four months of its opening the new Patricia Bay Highway diversion has seen two persons killed in collision within the boundary of Sidney village.

We would be juvenile, indeed, if we expected to find an accident-free highway here or anywhere else. Nevertheless, the toll is already ominously high.

Its significance takes greater shape in view of the deliberations concerning the highway which earlier took place between the Sidney village council, in company with the Sidney and North Saanich Chamber of Commerce, and the provincial highways department.

Many months ago the two local bodies met with officials of the department and asked for controls on this section of highway. At the time local authorities were fearful of fast-moving, heavy traffic through a residential area. Various controls were mooted, including a clover-leaf, or fly-over, crossing at Beacon Ave. or traffic lights at the same point. The delegates returned to Sidney to report that their proposals had been "laughed at".

Today it is difficult to see the joke. Death is inevitable, but must we contribute to it? Two persons have died since the council was laughed at. We hear no echoes of that laughter today.

The Patricia Bay Highway is a hazard to its users through its length. Designed as a link between the city and the airport, it is now carrying many times the volume of traffic visualized when it was built. Speeds are higher than they have ever been. Traffic controls are dictated by an absentee landlord and the representatives of those who face the hazard day by day are denied the authority to impose controls within their own incorporated areas. As a provincial highway, it is maintained and controlled by the province. The municipalities through whose territory it passes and who are thoroughly familiar with every local problem, may exert no control whatsoever.

The point at which a driver lost his life last Thursday has already been cited as dangerous by the volunteer firemen who drive emergency vehicles through the district at considerable speeds. Although experience has indicated locally that the route is hazardous and high speed dangerous, these circumstances are unknown to the only authority which is empowered to take precautionary measures.

At night this highway is frequently a menace. It is inadequate for the speed of traffic it carries in large numbers. It is inadequately lighted and inadequately signposted. The turns off the highway are virtually invisible at night and the driver who slows to find them takes his life in his hands. Traffic coming south through Sidney, heading for the airport, must observe a sign smaller than that erected by a farmer selling eggs at the roadside. Further south, and beyond the village boundary, the turn-off to the airport for north-bound traffic is a nightmare on a dark night.

It needs signs, controls, illumination and an honest endeavor to reduce the considerable hazard.

The department laughs while the district mourns.

This is an unfortunate epitaph for a highway which has failed to offer the facilities needed for the purpose it serves.

## POLICE PROBLEMS

THERE is no police force in the world with a more impressive record than the Royal Canadian Mounted Police. In every sphere of its activity the federal police force has written a story of accomplishment, integrity and zealous application.

It is unfortunate that the story of the police force is reflected in so poor a light in Sidney and North Saanich. If it were possible for one man to fulfill all the duties connected with policing in this area, we have no doubt that the R.C.M.P. could produce that man. Unfortunately it is patent that this is not possible. Neither one man nor two men can carry out a satisfactory job here.

Inadequate staffing of the local detachment is bringing acute discredit on the officers stationed here and on the entire force. Repeated pleas by the village council and by the Sidney and North Saanich Chamber of Commerce have brought no relief to the situation. Attorney-General Robert Bonner has agreed that an augmented detachment is needed here, but he explains it cannot be financed.

Policing is like food. You can't afford the cost and you can't afford to dispense with it. The district has expanded and the police detachment has stood still. Decades ago two men were allocated to police this district. Today, we have still only two men.

John Tisdalle, Saanich M.L.A., has suggested that the Toll Authority patrol be employed in patrolling the highway. His recommendation is excellent. Highway patrol should be divorced from police duties in every community. This plan would leave the R.C.M.P. to patrol the minor roads and to carry out their proper functions in the district.

If Mr. Tisdalle can arrange such a program, he will enjoy the full support of the community.

## Letters To The Editor

### HARDSHIP

Re: Extension of sewage system into rural areas.

It seems to me that if a home-owner has provided adequate sewage by installing a septic tank with an overflow which is absorbed into the soil, it would be an unjust and unnecessary hardship to make it compulsory for such home-owners to be put to the expense of making connections to a sewer system. Especially those who are in the lower income bracket.

A sewage outlet into the sea, if not provided with an adequate filter system, will cause a great deal of pollution, which is carried along the shoreline into the bays for miles by the tides.

I understand the necessity for sewage systems in the congested business areas of a city or village,

where there is not the needed soil space to allow the proper absorption of overflow from tanks.

The crux of the matter is: Why compel some-owners to make connections to a sewer system if they already have a more sanitary sewage of their own.

J. A. FRANCE.

10227 Rosthaven Drive, Sidney, B.C., Nov. 20, 1962.

### REMEMBERS HIM

Major Matthews "look back" in a recent issue of your newspaper was of indirect interest to this reader because I well remember Sir Ian Hamilton who, as Inspector General of Overseas Forces, inspected the old Non-Permanent Active Militia units across Canada and, as a member of the then

On every hand here is to be found the scenery and settings which make Saanich a holiday zone.

## Industrial Development To Be At Minimum Warns Speaker

Industrial development in Victoria and the Saanich Peninsula will be at a minimum in the years to come, said Victoria Chamber of Commerce president, John Wallace on Monday evening. Mr. Wallace was speaking to over 20 members of the Central Saanich Chamber of Commerce at their regular meeting in the Brentwood Women's Institute Hall.

The speaker urged the members to fight to retain industry which is presently in the area. He told the chamber that the Victoria Chamber of Commerce is working to this end.

"The southern Vancouver Island area is an ideal place for retirement and people are continually coming here to retire," said the Victoria president. "These people are opposed to industry," he commented.

### NO POLITICS

Referring to the amalgamation issue, Mr. Wallace told the Central Saanich chamber that his chamber was supporting the move "from a business point of view", and is not concerned with politics. He stated that a widespread feeling exists that Victoria should be the focus of business and industry on the island.

The speaker forecast that the northern boundary of the main shopping area in Victoria would be at the shopping centre presently under construction by Woodward's on Douglas St., north of the fountain circle. The shopping and business area would be from here south to the Empress Hotel, he said.

Mr. Wallace told the chamber members that it may have been inferred in reports of speeches he

2nd Bn. 5th Royal Highlanders of Canada I paraded at Eleury St. armory in Montreal. With apologies to the Major the year was 1913 (don't ask me which month!)

Everyone from those days agrees that Sir Ian was given a nasty deal at Gallipoli. The First Sea Lord of the Admiralty (Winston Churchill) wanted to assault the peninsula much earlier, using a heavy naval force to support the troops but all old "Jackie" Fisher (First Sea Lord) would agree to was a bombardment by a few old battle-ships (the 4 12" gun type) and let the troops come later; the result being that the Turks had time for German training and reinforcements.

In spite of all the furore at home, Sir Ian managed to live to the ripe old age of 94 when he died Oct. 12, 1947.

G. M. ANDERSON.

492 Vincent Ave., Victoria, B.C. Nov. 19, 1962.

### Christmas Seal Artist

The young Toronto artist, Alan Fujiwara, formerly of Vancouver, designed Canada's 1962 Christmas Seals. His design for the previous year's "The Seal" was internationally acclaimed and he stated that his window efforts in this year's seals is equally popular.

## Scenic Vancouver Island Coastline

## CONVERSATION PIECE

By DORIS LEEDHAM HOBBS

Talking of flowers last week I had the pleasure of visiting Miss Emily Sartain's exhibition of her

newest flower studies. How satisfying it is to see those clear living colors, and that lovely drawing. The show was given to help St. Margaret's school scholarship fund, the "Margaret Barton" Old Girl's special interest, and visitors to the exhibition placed their contributions in clever white cartons decorated with the bold heraldic badge of the school.

established business in the future. He said Victoria and the surrounding area has much more to offer the tourist than San Francisco the tourist industry in this area this year and it would be a mis- and combining facilities would enhance the attractiveness of the area.

What was meant, said Mr. Wallace, was that the Seattle World's Fair has provided a distortion of take to push tourism ahead of es-

## Night School For Future Travellers

Night school class in conversational French, now being held in Ganges school every Thursday at 8 p.m., is planned to be of help to those who may visit Europe in the near future.

Instruction is given by R. Leulier, an expert in the language. Part of each session is devoted to informal conversation in the French tongue.

Further information may be obtained from Mrs. A. M. Brown, night school supervisor.

## PLANS ARE LAID FOR CHRISTMAS TURKEY PARTY

Vice-president Mrs. Murray Leigh occupied the chair at the regular business meeting of Brentwood Women's Institute on Tuesday.

Conveners were appointed for the month's activities, which will include the annual turkey "500" party in the hall on Saturday, Dec. 1. Mrs. Leigh will be general convener and Mrs. R. Ronson in charge of cards.

There will be turkey and pudding prizes, as usual, with a door prize, while a huge turkey or a rich Christmas cake, made by Mrs. J. P. MacFarlane, will be taken home by some player. Play commences at 8 p.m.

## DEATH CLAIMS FIRST WORLD WAR VETERAN

A gentleman who retired to Sidney in 1933, Arthur Edwin Johnson, passed away in Veterans' Hospital in Victoria on November 21. Mr. Johnson, aged 87, was born in Kegworth, England, and moved to Victoria in 1912.

A veteran of the First World War, he served with the 10th Ammunition Field Artillery. He was a member of the Army, Navy, and Britannia branch, Royal Canadian Legion. For many years, Mr. Johnson was manager of the meat department in the Hudson's Bay Company.

He leaves four daughters, Mrs. J. W. Archer of Hamilton, New Zealand; Mrs. Roma Rogers of Sidney; Mrs. Wenda Roberg of Victoria; and Mrs. Audrey Hill Gardner of Victoria; three sons, Arthur Raymond Johnson of Sidney, Milton Sills Johnson of Smithers, B.C. He was predeceased by his son, Arnold, in June, 1960. There are 11 grandchildren and four great-grandchildren.

Rev. C. H. Whitmore officiated at services held in McCall Bros. Floral Funeral Chapel on Saturday, Nov. 17. Interment in Royal Oak Burial Park followed the services on Saturday.

## What's On Tapp?

Comedian-singer Gordie Tapp has a busy season ahead. He's back for another year on the Friday night TV show, Country Hoe, down and will be heard twice a week, Tuesdays and Thursdays, on the CBC Radio network program What's On Tapp?

## "TALKING IT OVER"

PASTOR T. L. WESCOTT, B.A.

Sluggert Baptist Church, Brentwood Biv

Services Every Sunday

Family Worship 10.00 a.m.

Evening Service 7.30 p.m.

"Restore unto me the joy of thy salvation."—Ps. 51:12.

The story is told of a little girl who was being shown around the farm by her grandfather. She had been delighting him with her childish chatter as she looked at pigs, calves, chickens and other farm creatures. When they went by the stables Grandpa showed her his mule and she said: "My he must be a Christian, he has such a long face."

The world often expects the Christian to be an austere and sorrowful looking creature. They feel that as he gives up so much that he must naturally fall into this way of life. This thinking is wrong and is of the devil's making to keep people from the greatest joy known on earth.

The greatest joy is that knowing that your load of sin is all gone. When conscience condemns, when the sorrows of past sin weigh upon us it is a great relief to know that they can be wiped clean away. True we have to make restitution to those wronged and repent towards God but then God freely forgives and forgets. This cleansing is done only when we ask for it and it is done on the basis of our belief in the death of Christ on the cross. Thus David, claiming God's promise was able to cry: "Have mercy upon me . . . I acknowledge my sin . . . restore unto me the joy of thy salvation" and know that he was restored to God's favor.

## GIFT BOX FOR MENTAL HEALTH PATIENTS

A Christmas gift box for Canadian mental health patients is in Sidney Dry Goods Store this week. From the beginning of next week until the end of this month, the gift box will be located at Sidney Hardware.

I think that it must be in the last 20 years that the Fuchsia has come into its own. In the old country I never saw such varieties, such opulence and combinations of color, and Miss Sartain has added a new series of these to her beautiful collection.

Her world is a world of fresh flowers in all their beauty, and it occurred to me that, surrounded as we are in Victoria with a wealth of flowers, it might be of interest to pass on some new and unusual tips for keeping cut flowers fresh, which I am certainly going to try next summer. They come from a Manhattan florist, George Cotran, who assures us that the life of a carnation can be prolonged by adding a teaspoon of sugar to the water.

A teaspoon of soap powder or chlorox or some bleach will prolong the life of most arrangements.

Brown sugar added to water will keep leaves fresh and green.

Mash the woody stems of such plants as rhododendrons before putting into water, which for all cut flowers should be lukewarm.

Wilted roses should have their stems plunged into two inches of boiling water for 15 minutes, and Presto—they revive!

Tulips will soon be with us, and you may like to try this florist's method of keeping them fresh. If you have not got a copper vase or vessel, put a few copper pennies in the water.

## TWELVE BOYS INVESTED AS SEA SCOUTS AFTER STUDYING PURPOSE OF MOVEMENT

Twelve boys were received into Salt Spring Island Sea Scout troop at an investment ceremony held last week at Scout headquarters in Legion Hall, Ganges.

Each boy, previously examined for his knowledge of Scouting aims, repeated the Scout Law and was then invested with membership and tenderfoot badges and patrol colors.

Acting Scoutmaster Ray Hill received each boy with a handshake into "the brotherhood of Scouts throughout the world".

Scoutmaster Hill, in a short talk to the boys, warned them that manliness will be required to keep the Scout Law when the urge is strong to run with the crowd. It is up to Scouts to make a stand for right; to build up the world, not to tear it down, he said.

**NEWCOMERS**

The following boys were invested: Charlie Sprecker, Glen Hughes, Nicholas Humphreys, Keith Stevens, Larry Empey, John Hill, Kelly Rylands, Brent Hartley, Arthur Buckley, Brian Sober, Eric Booth, Brian Wolfe-Milner.

The troop is divided into four patrols, each with a leader: Sleuths, Brian Rogers; Cobras, Cameron Humphreys; Elks, Earl Rogers; Barracudas, Patrick Wolfe-Milner. Each patrol is in the process of making a box for storage of its own scouting gear.

Adrian Wolfe-Milner, who is assisting Mr. Hill with Scout work, told the boys that \$200 has been realized to date from the recent bottle drive, with bottles still to be sold. A contribution from total proceeds will be made to Legion Hall funds.

**DISBANDED**

The local Wolf Cub pack, a flourishing group until last summer, has been disbanded until a new Cubmaster can be found. Anyone interested in taking up this important work is asked to contact the Scout leaders, or Dr. R. W. Bradley, Scout Group Committee chairman.

Scout and Cub work on the island is sponsored by the local branch, Royal Canadian Legion, who also sponsor the Junior Soccer League. A building fund, now being raised by the Legion, is aimed at extending the hall in the spring to provide adequate space for meetings and equipment storage for the boys' groups.

## BISHOP UNITES COUPLE AT QUIET PENDER CEREMONY

Quiet wedding was solemnized Monday, Nov. 12, at high noon in St. Peter's Anglican Church, Pender Island, when Doris Pullen and Ralph Coombs, formerly of Kiti-mat, exchanged their wedding vows before Bishop M. E. Coleman.

The bride, given in marriage by D. Brook, wore a pleated, turquoise blue wool dress with three-quarter length sleeves, and carried a colonial bouquet of pink sweet heart roses. She was attended by Mrs. D. Brook. John Pinfold, of Vancouver, supported the groom.

## GALIANO

Miss Ivy Davey has left Galiano Island to reside in Vancouver. She has lived here for more than 20 years.

D. A. New went to Vancouver last week to attend the annual dinner reunion of the Seafarers No. 9 Platoon, the veterans from World War I. It was held in the Alcazar Hotel.

Last week-end visitors to their respective homes were: Miss W. Kowalski, Miss J. Lockwood, Miss Sally Stewart, Miss Judy Williams, Mr. and Mrs. R. Emmanuel, R. Haydn, Mr. and Mrs. W. Burton, H. Campbell, Miss T. Mathias and Miss S. McLaren.

Miss J. Humphreys, of Ganges, spent the long week-end with Miss Jane Bambrick.

Mr. and Mrs. W. G. Graham are home from a short holiday in Vancouver.

Mrs. B. Stallybrass spent a few days in Victoria recently.

Mr. and Mrs. G. E. Weeks, of Vancouver, spent a week-end with Mr. and Mrs. C. Williams.

E. Howard and W. Boulton are guests of Mr. and Mrs. C. O. Twiss.

K. Vatsvaag, of Vancouver, is visiting Earl Young.

Mr. and Mrs. Eddy Case have returned to their home at Kamloops, after the summer spent at the coast. Mr. Case worked on the packer, Georgeson Bay, and Mrs. Case stayed at the home of her daughter-in-law on Galiano.

J. Muskett and Miss Vi. Cremer were recent guests at Farmhouse Inn.

Mr. and Mrs. O. H. New, Vancouver, spent a quiet few days at their home on the island.

On Sunday, Nov. 25, Rev. B. A. J. Cowan will travel to Victoria to take the services at St. Barnabas Church. On that day, services at St. Margaret of Scotland, Galiano, and St. Mary Magdalene, Mayne, will be taken by Canon B. T. Page of Victoria (St. Barnabas).

## Mayne Island Loses Active Worker In Community Life

FROM A FORMER ASSOCIATE

Mayne Islanders learned with regret of the passing of a fellow islander on November 10. This was Charles Murrell and his death, despite his weight of years, was rather unexpected.

The late Mr. Murrell had resided on Mayne Island for a bare 20 years, a man who had retired after a very active life in other parts of Canada, but a man who still wished to pull his full weight in his new community. Much of his life has been spent in organizing, and this talent he brought to Mayne at the island's second period of transition. Before his day Mayne had changed from its perfectly natural state to an island of pleasant, and productive, farms. The Second World War was to bring further and much greater changes as its aftermath, and Mr. Murrell was one of those whose wise counsel helped the island in its second transition.

**REVIVAL OF FAIR**

One of the first activities he undertook was in reviving our fall fair when peace came again, and from that time on his interest never lapsed.

For many years he occupied, in succession, almost all the offices of the society, and when infirmity became too great, he still continued in an advisory role, almost to the time of his death.

Our changing world gave him a challenge, and until a few years ago, much of his time was devoted to island societies whose objects were to modernize the island.

The inter-island bureau claimed much of his time; he was very much to the fore when electricity became an island project; much of his energy went to help solve the knotty problem of transportation. Much of this he saw to a successful conclusion; some few problems still remain behind him.

Edward Charles Fenn Murrell was born in the county of Norfolk, England, in 1878. His education had been in the field of agricul-

ture, and he followed this calling all his active life.

He heard the call of Canada as a young man, and in 1907 was farming in Ontario. By 1908 he had looked further west, and until 1923 he farmed in the Vermillion neighborhood, in Alberta.

In 1923 he moved to B.C. and until his retirement in 1944, he ran a feed business in Creston. His interest in farming still remained, and he maintained a small farm there.

### LIFE OF SERVICE

During these years much of his spare time was devoted to the service of his fellow men. He was one of the founders of the United Farmers in Alberta. He served on the village council at Creston, had a big hand in the formation of the Farmers' Institute there, and prior to that, had been one of the prime movers in the building of the first Anglican Church at Stellarville, Alta.

His life had always been a very busy one, and his passing to a well-earned rest will be regretted by all who came in contact with him.

He leaves his wife, Constantia, and daughter, Mary (Mrs. Kline), on Mayne Island; sons, John, of Ottawa and George, of West Vancouver; six grandchildren and two great-grandchildren, and two sisters, Mrs. R. Bangay in England, and Mrs. Edith Hockey in New Zealand.

The funeral service was held in West Vancouver on November 13, followed by cremation.

## FULFORD

Corp. and Mrs. Dodds of Port Alberni, and children, Marie, Donna, Valerie, Linda and Mark, spent a few days visiting friends and relations on Salt Spring Island last week.

Visiting Mr. and Mrs. M. Gyves over the holiday, were the three Rees brothers from Langford,

## TALLEST SKYSCRAPER FOR TORONTO

Allen T. Lambert, president of The Toronto-Dominion Bank signing agreement with Charles R. Bronfman (left), president and E. Leo Kolber, vice-president of Cemp Investments Limited for the construction of a fifty-five to sixty storey skyscraper in the heart of Toronto. It will be the tallest building in the Commonwealth.

The huge \$60-million structure will be located on a six acre site, at the corner of King and Bay Streets, and will be known as The Toronto-Dominion Bank Building.

Construction will start late in 1963 with the official opening scheduled for July 1, 1967—Canada's Centenary.

## THE GULF ISLANDS

### WIDE RANGE OF ACTIVITIES

## FAIR SOCIETY HEADED BY CHATWIN AS SUCCESSFUL REPORTS HEARD AT MAYNE

Remembrance week-end was a rather busy one for members of Mayne Island Agricultural Society.

It was the day for the annual general meeting of the society, and in the evening there was a film show in the hall, the films being lent for the occasion by Imperial Oil, Ltd. Proceeds of the show were devoted to the cost of installing new lighting and wiring in the hall, preparatory to being connected to B.C. Hydro.

For the annual general meeting the chair was taken by F. J. Dodds, the society's chairman. He opened the meeting by calling for a minute's silence, in memory of Charles Murrell, a vice-president of the society, and a very active member in many official capacities ever since the fall fair was revived after the Second World War. Mr. Murrell had died in the Vancouver General Hospital the previous evening. Condolences were also offered to Mrs. Murrell and her family.

The treasurer's report, read by Mrs. Jones, showed a very healthy financial state. The year started with a balance of \$168.

Income from various projects

Chris, Michael and his son, Bruce, and John.

Winners at the card games social held in the Beaver Point Community Hall on Saturday were the following: first, "500", F. Pyatt, with W. Shaw winning the consolation. High scorer at cribbage was Linda Reynolds, with low score falling to Mrs. L. Reynolds. In the bridge game, N. Westin topped the scores. Mrs. F. Saunders served the refreshments.

## FILM SHOW AT MAYNE ISLAND OVER HOLIDAY

Good turn-out of islanders attended a show of films from the library of the Imperial Oil Co. Ltd. at Mayne Island on Monday evening, Nov. 12. These films were shown by Mr. Gibson, and were in color, with sound track. They were five in number, and covered considerable ground.

One was a comic film strip, three were of the travelogue variety, and the last, called "The Seasons", a Canadian Film Award winner in 1954, depicted a year on the side of a Canadian lake.

The travelogues covered home and abroad. One, taken in the province, began with a quote well worth repeating:

"The serenity of the climate, the harmonious pleasing landscapes, and the abundant fertility that, unassisted, nature puts forth, require only to be enriched by the industry of man to render it the most lovely country that can be imagined. . . ."

It is 170 years since these words were penned by the first white man to see more of this province than the west coast of Vancouver Island, Capt. George Vancouver.

The other two covered parts of the orient. Persia and India, Province of North Borneo, whose origin is far in antiquity, and whose method of manufacture is still that that has always been used, was featured. The film on India showed the last days of the British Raj, but apart from the few white people concerned with the making, shows purely the life of the Indian Maharyas which has now passed.

## GANGES

Rev. S. J. Leech and Mrs. Leech have moved into the rectory at Ganges following their recent arrival from Lytton, B.C. Mr. Leech is the new Anglican incumbent of Salt Spring Island parish.

Recent guest of Mr. and Mrs. K. Butterfield, Ganges Hill, was Mrs. W. M. McDonald, Haney, B.C., who stopped over for a short visit on her way home from California.

Mr. and Mrs. Tolson, Victoria, and members of their family, visited friends on Salt Spring at the week-end while guests at Harbour House.

Guests of Mr. and Mrs. A. M. Brown, Rainbow Road at the week-end were Mr. and Mrs. P. Fratinger, Nanaimo, and Mr. and Mrs. W. Halkett and daughter, Sandra, Victoria.

Mrs. H. W. Harris, McPhillips Ave., spent 10 days in Vancouver recently, visiting friends.

Mr. and Mrs. Jack West, Victoria, spent the week-end with Mr. and Mrs. Nels Volden, Rourke Road.

Mrs. Hannah Hogg, Victoria, was a recent guest of Mr. and Mrs. C. J. Wrightson, Vesuvius Bay.

Guests registered recently at Harbour House Hotel included: Mr. and Mrs. Chas. Moxley, Mr. and Mrs. S. Whittle, E. R. Legg, C. D. Evans, R. J. Kerr, H. W. Palsson, Miss Audrey Hicks, Miss Barbara Nickson, I. LaChance, C. A. O'Leary, Vancouver; Mr. and Mrs. C. W. Tolson, Geo. Gordon, Sidney Smith, W. F. Conlan, J. R. Rogers, Victoria; A. M. Gardiner, Nanaimo; Mr. and Mrs. Jas. Campbell, Saturna Island; Mrs. H. Barker, Galiano Island; W. H. Morson, Mayne Island; C. W. Alexander, B. Allen, T. A. Tasaka, New Westminster, B.C.

Log Cabin Hotel guests included: H. Lawrence, New Brigen, Alberta; Irvin Doud, Sidney; Rev. P. Hanley, Saanichton; C. Sharpe, West Vancouver; B. Folla, C. V. Alexander, B. Allan, New Westminster; C. E. Price, Mr. and Mrs. J. Gray, E. R. Deakin, R. Kelly, M. Watson, Victoria; J. Jones, W. G. Burch, G. B. Stirling, Vancouver; G. Groves, J. Reid, H. Weins, D. Cordon, Aldergrove, B.C.

Following officers will guide the society in 1963: honorary presidents, Major Gen. G. R. Pearkes, V.C., D.S.O., M.C.; F. W. Matthews, Hon. Earle C. Westwood, M.L.A.; honorary vice-president, Mrs. M. Foster; president, W. J. S. Chatwin; vice-president, G. Slinn; treasurer, Miss Julia M. Hall; secretary, W. W. Hunt-Sowrey; directors, Mrs. N. McConnell, Mrs. W. Morson, Mrs. W. Wilks, Mrs. A. M. Jones, Mrs. D. Vigurs, Mrs. G. Slinn, Miss M. Kerby, J. Clarke.

BANANAS ARE IMPORTED  
for the same reasons that  
LEMON HART RUMS  
ARE IMPORTED

Bananas are not native to Canada . . . and neither are rum. Lemon Hart, for example, is produced under the most wonderful conditions in the Caribbean. But for Lemon Hart, even that is not enough: it's shipped to London where it rests quietly in underground vaults where neither the temperature nor the humidity varies more than a degree or two year in year out. Then, meticulously blended and bottled it's finally shipped to Canada . . . smooth, mellow, delicious . . . a perfect product of that small area of the world that is famous for distinguished rum.

LEMON HART RUM

Have a good rum for your money!

## Why not a gift for the family?

This Christmas, how about a big present for the whole family — a modern, work-saving appliance that will mean easier, better living for the entire household. Choose it now, and have it at home to enjoy during the Christmas season.

Your dealer has a wide selection of wonderful new major appliances . . . dishwashers, freezers, automatic ranges, refrigerators, automatic washers and dryers. He will be glad to show them to you.

BRITISH COLUMBIA HYDRO AND POWER AUTHORITY

W. M. MOUAT RECOUNTS STORY

# ISLAND UNITED CHURCH THIRD STRUCTURE TO BE ERECTED IN 75 YEARS OF HISTORY

Tables gay with arrangements of red salvia flanked by yellow candles; the serving board well laden with a wide choice of delicious foods against a background of colorful autumn fruits, provided a most attractive setting for the smorgasbord supper held recently by Ganges United Church Women.

About 200 people attended the supper, convened by Mizpah and Noralite Circles.

Prior to the meal, served in three sittings, guests waiting in the church and upper hall enjoyed organ music played by Mrs. A. Tomlinson, and were later entertained by Mrs. J. Black and daughter, Miss Georgina McCall, on the accordion, and by Misses Susan Fellows and Heather Anderson on the piano.

The committee in charge of supper arrangements included: Mizpah Circle, Mrs. J. D. Reid, Mrs. F. H. A. Reid, Mrs. E. Parsons and Mrs. R. J. Young; Noralite Circle, Mrs. D. M. Abolit, Mrs. Irl Bradley, Mrs. A. Francis, Mrs. M. M. Sober. Four C.G.I.T. girls served tea and coffee to the guests.

**EUROPEAN TOUR**  
Following the supper, Miss Olive Mout gave a beautifully illustrated and interesting commentary on her recent trip to England and Europe. W. M. Mout, a lifelong member of the local church, gave a brief history of its progress from the time Rev. Ebenezer Robson, travelling Methodist minister,

made his first visit to Salt Spring by means of an Indian canoe more than 100 years ago.

Mr. Mout told the story of the first Methodist church built in Burgoyne Valley in 1887, followed some years later by a second church built at Central.

When Ganges became the more settled part of the island it was decided, early in the century, to move the Central church to a new location. Carefully taken apart, board by board, the church was rebuilt on the new site at cost of \$400.

Some years ago the congregation felt the need for more accommodation. An arrangement was made with the Royal Canadian Legion whereby the church and

property were exchanged for two lots, across the road, owned by the Legion, where the present church now stands. The old church became Legion headquarters. During the past two years a neighboring house was purchased for use as church manse.

To commemorate the honor bestowed this year on the pastor, Dr. Norah Hughes, chosen as the first woman to serve as president of B.C. United Church Conference, Mrs. D. M. Abolit, on behalf of Noralite Circle, presented a pulpit antependium for use in Ganges Church. The handsome frontal bears the United Church crest. A personal gift was also presented to Dr. Hughes as a mark of esteem.

## Picture Showing At Ganges To Feature Variety Of Work

Third annual "Picturama" to be staged by Gulf Islands Camera Club in Mahon Hall, November 23 and 24, will feature considerable local color.

The program will include a tour "Around the World in 80 Slides", and other beautiful local, provincial and distant scenes; shots of Salt Spring Island activities and participants.

Scenes will be projected of damage done locally by "Hurricane

Freida"; grades one and two and high school students will be shown at work; "candid camera" shots of local residents will include several amusing scenes. Award-winning slides will be shown, without comment.

A contest, "What's It?", will involve audience participation and a prize is offered.

Low admission price has been set to allow the maximum number of people to enjoy the "Picturama". Tickets in limited numbers are available from Ganges Pharmacy or club members.

## SOUTH PENDER

Commander Wm. Walker and family, of Victoria, spent the week-end at their South Pender home.

Mr. and Mrs. Len Henshaw and son, Danny, who is presently visiting from Quebec, journeyed to Vancouver last week, to attend the golden wedding of the former's parents, Mr. and Mrs. George Henshaw.

Mrs. Herbert Spalding returned home from Lantzville Friday.

Capt. John Craddock and Capt. Arthur Goss, of Vancouver, spent the week-end with Mrs. A. E. Craddock, at Camp Bay.

Trees provide the raw material for some 4,000 products in common use today. An accurate count is impossible since research in the laboratories of government agencies and private industry are constantly adding to this number.

## LEGION LADIES REPORT ON WIDE RANGE OF ACTIVITIES

Following the opening ritual, 25 members answered the roll call at the regular meeting of Royal Canadian Legion Ladies' Auxiliary, November 6 at Legion Hall, Ganges. Mrs. H. Ashby chaired the meeting. Members were advised of the forthcoming resignation of Mrs. McLennan, secretary of B.C. Provincial Command, after many years of faithful service.

Mrs. H. Loosmore reported seeing 20 patients in four visits to Lady Minto Gulf Islands Hospital. Dr. and Mrs. R. Bradley made four trips to Veterans' Hospital in Victoria, visiting 39 patients. Five pairs of hand-knitted socks were brought in for distribution at Veterans' Hospital.

It was reported that four auxiliary members give assistance at the local library every Monday. One member works with the public health nurse each month at the Well Baby Clinic, while another has for two months driven a patient to C.A.R.S. clinic for weekly treatments.

**REPORTS RECEIVED**  
Reports were received on Remembrance Day dinner and the poppy canvass. Mrs. G. Laundry, poppy convener at Fulford, has served in that capacity for 21 years of the 25 years of poppy sales. Mrs. D. Dane and Mrs. H. Hippius filled in during the remaining period.

Mrs. F. Empey displayed the

# THE GULF ISLANDS

## NORTH PENDER

G. Copley, formerly of Vancouver, has now taken up permanent residence in his island home, near the United Church.

Mrs. Phyllis Back is spending a few days in Vancouver and Victoria.

Mr. and Mrs. Don Dobie, of Campbell River, spent the week-end with the latter's mother, Mrs. Stella Bowerman.

Mrs. Frank Prior is a patient at St. Joseph's Hospital, Victoria. S. P. Corbett returned on Saturday from a business trip to Vancouver and Victoria.

Mrs. Joan Massa and four children arrived from Kitimat last week, and have taken up residence in the cottage at the home of her parents, Mr. and Mrs. Doug. Brook.

Mr. and Mrs. J. A. McMaster, Mrs. E. Pollard and Fred Conroy have all returned to their respective homes after visiting in Victoria for a few days.

Mr. and Mrs. Jack Garrod are Vancouver visitors this week.

Mrs. J. Shansby and a party of friends motored up from Los Angeles last week and spent a few days at the Shansby home, Browning Harbor.

The Misses Georgina and Frances Collins came out from Victoria to spend the week-end at the home of Mr. and Mrs. Laurie Auchterlonie.

A. E. Chapman is on a business trip to Vancouver.

Capt. and Mrs. W. J. R. Beech have returned home from Victoria.

## LIFE MEMBERSHIP

### FOR TWO ANGLICAN LADIES

Life membership in the Anglican Woman's Auxiliary was conferred on Mrs. H. Price and Mrs. W. Norton at a special ceremony held in St. George's Church, Ganges.

Archdeacon G. H. Holmes conducted the service which followed the regular W.A. meeting. Mrs. Holmes, president, read the citations; W.A. gold badge was presented to Mrs. Norton by Mrs. V. Jackson and life membership certificate by Mrs. J. Byron. Mrs. E. Worthington and Mrs. E. B. Beech performed these honors for Mrs. Price.

At the meeting presided over by Mrs. Holmes, the treasurer reported net proceeds of \$154 from the harvest supper. Of this amount, \$75 will be sent to the Primate's World Relief Fund.

Plans were made for the Christmas bazaar to be held December 8 at 2 p.m. in the parish hall. A special W.A. St. Andrew's Day service will be held November 30.

Queen Charlotte layette to the meeting. A layette is assembled each year and sent to the matron of this London, England, maternity hospital where it is distributed among new mothers in straitened circumstances. A vote of thanks was given to Mrs. Empey for her good work.

A food shower for Christmas hampers is to be held at the next meeting. Nominations for 1963 slate of officers will also be received. Members were invited to contribute to a tulip fund for the purpose of beautifying the Cenotaph.

A 10-cent donation will buy one tulip bulb. Ed. Stephenson is handling the project for the Legion branch.

Christmas stocking contest will not be held this year. The New Year's Eve dance will be convened by Mrs. T. Sharland.

A joint meeting of the auxiliary and executive members of the branch will be held November 26 at Legion Hall.

## BACKACHE

When kidneys fail to remove excess acids and wastes, backache—tired feeling—disturbed rest often may follow. Dadd's Kidney Pills stimulate kidneys to normal duty. You feel better, sleep better, work better.

Tea hostesses for the afternoon were Mrs. Price and Mrs. Beech.

## FINAL BRIDGE DRIVE IN I.O.D.E. TOURNAMENT

Final H.M.S. Ganges Chapter, I.O.D.E., bridge game in group A will be played off this week between W. M. Mout and Cyril Wagg and opponents Mrs. A. Jobin and Miss Z. Manning.

Winners of the fifth round in group B are as follows: Mrs. A. E. Roddis and Miss D. Anderson; Mr. and Mrs. T. J. Sharland; Mr. and Mrs. Fred Morris; Mr. and Mrs. Peiler; T. McIntyre and L. Musclove; Mrs. R. J. Young and Mrs. F. Agnew; Mr. and Mrs. H. A. Emerslund; Mr. and Mrs. Graham Shove.

## BRADLEY TO HEAD FLOWER GROWERS

Dr. R. W. Bradley was elected president of Salt Spring Island Chrysanthemum Society for the coming year, at the recent annual meeting held at the home of the retiring president, A. K. Wilson and Mrs. Wilson.

Slate of officers for 1963 also includes vice-president, Mrs. P. G. James; secretary, Mrs. M. M. Sober; treasurer, Mrs. R. W. Bradley; show manager, J. Wallis; show secretaries, Mrs. A. K. Wilson and Mrs. T. J. Sharland; publicity, Mrs. E. E. Groff; field horticulturist, P. G. James; field advisers, Mrs. A. K. Wilson and Mrs. D. Fanning; program convener, Mrs. E. Worthington.

Members discussed a suggestion that the society sponsor the annual spring flower show. The matter was left in the hands of a small committee for consideration.

## Meet the Ambassador from British Columbia

To us on the West Coast, the Douglas Fir is a familiar and economically important asset. To Canadians on the other side of the Rockies, this British Columbia native is known in name only. Because these trees are so important to us here, and because the rest of Canada is so important to us as customers for forest products, introducing the Douglas Fir to the prairies and points east seemed the natural thing to do.

So, this past Spring, a Crown Zellerbach advertisement in TIME (Canada) told how we plant and nurse these trees, how we protect them from fire, insect and wild life, and how, after three score and more years, we harvest them to produce useful products for people all over the world. Also, a free Douglas Fir seedling was offered to anyone who would give it the same kind of care and upbringing it would get in its B.C. home.

The response to the offer was overwhelming. Packaged in mailing tubes with roots cushioned in moss and wrapped in plastic containers, little seedlings went to every province in the country.

Should you go East, don't be surprised to find a Douglas Fir sprouting in Newfoundland or spreading roots in an Ontario garden. Hundreds have been planted in parks and plots clear across Canada: ambassadors from Crown Zellerbach in British Columbia, reminding our fellow Canadians of the part the Douglas Fir plays in the economy and growth of our company and our country.

**ROCKET POWER**  
Rocket motors of the hydrogen peroxide liquid fuel type use catalyst packs of nickel wire gauze. The nickel wire is plated with silver which breaks down the hydrogen peroxide by catalytic action and produces superheated steam and free oxygen.

## Telephone Company Makes Staff Changes At Victoria

Gordon C. MacDonald, division manager for Vancouver Island, British Columbia Telephone Com-

pany, has announced the following appointments in the Victoria district of the island division.

O. Glyn Jones has been appointed division public relations representative. Mr. Jones joined the company in 1930 in Victoria, serving in various sections of the commercial office with a break during 1942-45 spent in the Royal Canadian Navy. In 1947 he was appointed as sales supervisor and in 1952, district sales supervisor, Victoria. In 1954 Mr. Jones was transferred to Vancouver. In 1957, he was appointed district commercial and traffic manager in the Kamloops district.

In 1958 Mr. Jones transferred to the North-West Telephone Company in the same capacity. He returned to B.C. Telephone Company in 1961 to the same duties in Victoria.

### DISTRICT MANAGER

Alan A. Higginbotham has been appointed district manager in Victoria. He joined the Canadian (B.C.) Telephones & Supplies Ltd., in 1944, in Vancouver, working on switchboard construction and transferred to the B.C. Telephone Company as central office apprentice in 1945, followed by various appointments.

In February, 1961, he was appointed district plant manager at Victoria.

Wilfred Cain is appointed district plant manager in Victoria. He joined the company in 1924, at Nanaimo. He then transferred to Vancouver in 1926 for training and returned to Nanaimo the following year as combination construction and maintenance cable

## THERE'S NO FORTUNE IN IT BUT—

## DISABLED VETERAN TO HELP THOSE IN OTHER LANDS BY COLLECTING STAMPS

There's money in stamps, says a Sidney dealer, but no fortune.

H. O. Munger, disabled veteran of the Royal Canadian Artillery, has been dealing in stamps for the past two years. He has gradually built up a clientele in every part of the world, but he has a long haul before his business becomes a full-time, fully paying operation, he admits.

Mr. Munger came from Medicine Hat, in Alberta, early in the course of the Second World War. He went overseas with the 78th Battery, 17th Field R.C.A. In Holland he met disaster and was blown up. Invalided back to Canada, he undertook a shoe repair course under the direction of the Department of Veterans' Affairs.

Although partially crippled, the veteran has never driven a car and walks considerable distances through the district with the aid of a stick.

In 1957 he came to Sidney, accompanied by his mother, Mrs. A. M. Broten, and found a house on Fourth St. At the same time he opened a shoe repair business on Beacon Ave. While busy repairing shoes, the artillery veteran started

splicer and tester, lineman, installer, trouble shooter and in charge of small crews. In 1956 he was transferred to Victoria as supervising foreman and in 1961 was appointed district construction and installation supervisor.

For the past 34 years Mr. Cain has been active in promoting sports for boys and girls and is presently director of the Little League for Vancouver Island. He was also active in basketball circles, having served as president of the B.C. Basketball Association and representative on the Canadian Basketball Association.

### TRAFFIC MANAGER

Gordon B. Murphy is district commercial and traffic manager in Victoria. He joined the commercial department of the company in April, 1940. From 1941 to 1945, he served in the R.C.A.F. and was discharged as Flying Officer. Mr. Murphy rejoined the company in the traffic department in 1946. In 1954, he was appointed district traffic superintendent with areas of responsibility including the Fraser Valley, Sechelt Peninsula, Lillooet and Bridge River Mines. In 1958 he was appointed district traffic superintendent at Vancouver, responsible for long distance and information offices.

H. O. MUNGER

dealing in stamps as a spare-time occupation.

He has undertaken a variety of pursuits to fill in his spare time, including that of breeding worms for fishermen. Some have been successful and others he has abandoned.

The appeal of foreign stamps attracted him and after two years Mr. Munger is convinced that the ultimate development of a full-time business is in sight.

A stamp dealer needs contacts in various parts of the world and Mr. Munger has looked for someone in his own position in each community with which he deals. His aim is to establish an agent in every country whose stamps he seeks. Whenever possible he wants a disabled man, or woman, to work with him.

"This is a job a man can do even

## Tory Candidate

Mr. Fergie Browne, Member of Parliament for Vancouver-Kingsway federal constituency from 1958 to 1962, has announced that he will contest the leadership of the Progressive Conservative party in British Columbia at the convention to be held in Vancouver, December 6-8. Mr. Browne asserts that the leader of the party must take the first possible opportunity to contest a vacant seat in the provincial legislature.

### RETURN HOME

Mrs. P. W. R. Walker, Yarrow Road, and Mrs. G. W. Du Temple, West Saanich Road, returned to their homes after spending a week in Vancouver visiting the former's son, Philip and his family. Philip was a former staff member of the Bank of Montreal branch in Sidney and is now with the branch at Hastings and Homer Streets, Vancouver.

## CORPORATION OF THE VILLAGE OF SIDNEY

### NOTICE

To the OWNER ELECTORS of the Municipality of the Village of Sidney:

The following question will be voted upon on December 6th, 1962:

"Are you in favor of your municipality becoming part of a regional library district to be formed under the provisions of the Public Libraries Act?"

AND FURTHER TAKE NOTICE that the above vote will be taken at the MUNICIPAL HALL on FIRST STREET, SIDNEY, between the hours of 8 O'CLOCK IN THE FORENOON AND 8 O'CLOCK IN THE AFTERNOON, on THURSDAY, THE SIXTH DAY OF DECEMBER, 1962.

A. W. SHARP,  
Municipal Clerk.

47-2

## NOTICE OF ELECTION

PUBLIC NOTICE is hereby given to the Electors of the Rural Area of SCHOOL DISTRICT NO. 63 (SAANICH) (except the Municipality of The Village of Sidney) that I require the presence of the said electors at the MUNICIPAL OFFICE ON FIRST STREET, SIDNEY, B.C., ON MONDAY THE TWENTY-SIXTH DAY OF NOVEMBER, 1962, AT THE HOUR OF TEN O'CLOCK IN THE FORENOON, for the purpose of electing a person to represent them as a SCHOOL TRUSTEE.

The mode of nomination of candidates shall be as follows:

Candidates shall be nominated in writing by two duly qualified electors of the Rural Area (except the Municipality of The Village of Sidney). The nomination-paper shall be delivered to the Returning Officer at any time between the date of this notice and noon of the day of nomination. The nomination-paper may be in the form prescribed in the "Municipal Act", and shall state the name, residence, and occupation of the person nominated in such manner as to sufficiently identify such candidate.

The nomination-paper shall be subscribed to by the candidate.

In the event of a poll being necessary, such poll will be opened at the under-mentioned places on the SIXTH DAY OF DECEMBER, 1962, BETWEEN THE HOURS OF EIGHT O'CLOCK IN THE FORENOON AND EIGHT O'CLOCK IN THE AFTERNOON of which every person is required to take notice and govern himself accordingly.

### POLLING STATIONS

- (1) Deep Cove Elementary School
- (2) McTavish Road Elementary School
- (3) North Saanich Junior-Senior High School
- (4) Sansbury Elementary School
- (5) The School Board Office, Third St., Sidney

GIVEN UNDER MY HAND AT SIDNEY, B.C., THIS EIGHTH DAY OF NOVEMBER, 1962.

A. W. SHARP,  
Returning Officer.

46-2

## THE CORPORATION of the VILLAGE OF SIDNEY BY-LAW No. 161

### A BY-LAW TO DEDICATE CERTAIN LANDS FOR USE AS A PUBLIC PARK:

WHEREAS The Council of The Corporation of The Village of Sidney deem it expedient to dedicate certain lands for use as a Public Park;

NOW THEREFORE The Council of The Corporation of The Village of Sidney in open meeting assembled enacts as follows:

1. That the following question be submitted to the "ELECTORS" at The Municipal Hall, First Street, Sidney, B.C., on THURSDAY THE SIXTH DAY OF DECEMBER, 1962, BETWEEN THE HOURS OF 8.00 O'CLOCK IN THE FORENOON AND 8.00 O'CLOCK IN THE AFTERNOON;

2. THE QUESTION IS: "Are you in favour of The Council dedicating Lots one (1), two (2) and three (3), Plan 14110, Range Four (4) East, North Saanich District in the Village of Sidney, approximately five (5) acres, for use as a PUBLIC PARK?"

3. This By-law may be cited for all purposes as "The Village of Sidney Dedication of Land By-law No. 161, 1962."

Read a first time this First day of November, 1962. Read a second time this First day of November, 1962. Read a third time this First day of November, 1962. Reconsidered, adopted and finally passed this Sixth day of November, 1962.

A. A. CORMACK,  
Chairman of The Council.  
A. W. SHARP,  
Municipal Clerk.

Certified to be a true copy of "The Village of Sidney Dedication of Land By-law No. 161, 1962."

A. W. SHARP,  
Municipal Clerk.

A true copy of By-law No. 161, registered in the Office of the Inspector of Municipalities, this 13th day of November, 1962.

J. E. BROWN,  
Inspector of Municipalities.

TAKE NOTICE that the above is a true copy of the By-law authorizing the submission of the question therein set forth for which question the vote of the electors of the Municipality will be taken at the Municipal Hall, First Street, Sidney, B.C., on Thursday, the Sixth day of December, 1962, between the hours of 8.00 o'clock in the forenoon and 8.00 o'clock in the afternoon, and that A. W. Sharp has been appointed Returning Officer for the purpose of taking and recording the vote of the electors.

Dated at Sidney, this Sixth day of November, 1962.

## YOU HAVE A HAND IN THINGS CANADIAN when you own Life Insurance

Surprising? Yes—but true. Like most people, you have probably thought of your life insurance—as a protection for your family—as a good way to save money regularly—as a valuable collateral if you need a loan for an emergency—as a retirement plan for you later on.

Actually, your life insurance dollars are more than an investment in your personal security and your family's. These dollars are also an investment in Canada. They stimulate growth and progress and help make this country a better place in which to live and work.

At this moment, 9 BILLION DOLLARS of life insurance savings are invested in

important Canadian enterprises—through the purchase of bonds and stocks and through mortgages.

These hard-working dollars are helping to finance great projects all over this country such as pipelines, shopping centres, bridges and highways, homes, apartment and office buildings, schools, factories, industrial plants and power developments. These investments create employment opportunities, too.

The income from these investments benefits you directly by reducing the cost of life insurance to you and the 9 million other Canadian policyowners.

THE LIFE INSURANCE COMPANIES IN CANADA

## When President Speaks Of Australian Visit

By BEA HAMILTON

Coming from many points of B.C. the members of the British Columbia Women's Institute Provincial Board, were all together for the first time on one platform, when they met at the Colwood W.I. Hall on Thursday, Nov. 8.

Mrs. J. Robinson, president of the district board, made this statement with pride as she introduced the members.

The honored guest and speaker for the evening, Mrs. R. C. Palmer, of Kelowna, president of the B.C.W.I., is just back from the A.C.W.W. tour and the 10th triennial conference in Melbourne, Australia, as the B.C. delegate. She was backed on the platform by Mrs. F. Plant from Williams Lake; Mrs. J. S. Scott from Robson, B.C.; Mrs. J. H. McMillan from Qualicum; Mrs. P. R. Part-

ington of Francois Lake, past president; Mrs. H. Woodward, editor of W.I. Newsletter and vice-president, from Brentwood; Mrs. L. Braden of Dawson Creek and Mrs. H. C. Ford of Tappen, B.C.

Hostess chairman, Mrs. E. H. Emery of Colwood, introduced Mrs. Palmer, and from then on, the guest speaker held her audience as she unfolded an exciting and exotic story.

**RED CARPET**

Mrs. Palmer took the crowded hall full of visitors in a verbal journey from Vancouver via Red Carpet flight to Japan, via T.C.A., where she experienced the wonderful hospitality of the Japanese people.

She told how they had to take their shoes off and wear Japanese footwear to enter homes; how they sat on the floors for ceremonial

leas and were served apple blossom tea, the greatest honor the Japanese can offer their guests. And the trip into Hong Kong harbor, with its hundreds of junks and boats and crowds of Chinese living around the waterfront. Here, of great interest to Canadian women everywhere, Mrs. Palmer found the St. Simon's Hostel, a floating ex-navy ship, done over to house 540 children of widows of fishermen.

Some 60 of these children receive the bulk of their food and living comforts from funds collected by the Canadian W.I. for the "Save the Children Fund". This fact alone should encourage all branches of the W.I. as they continue to support such a worthy cause.

**ROYAL WELCOME**

Australia, hosting the W.I. Conference, gave all visitors a royal welcome. They were billeted in comfortable quarters, and members of the Country Women's Association of Australia, 70 of them, served some 1,200 meals a day. All were volunteer workers.

Delegates from all countries were colorful and included members of the Maori in costume; tall, striking Fiji visitors; Indonesia, Scandinavia, Pakistan, India, Malaya, Philippines, and two aboriginal women from Northern Territories of Australia.

An impressive ceremony in the Melbourne Town Hall, with young members of the C.W.A. carrying flags of 34 countries marching down the hall and taking positions with two standard bearers, standing behind the official party, with the flags of the United Nations and A.C.W.W.

Beautiful flowers, especially mentioned were the tulips, a bouquet presented to Mrs. Van Beekhoff, elected for the second term as A.C.W.W. president. Mrs. Van Beekhoff is from the Netherlands. Deputy presidents are Mrs. W. H. Cullen, of Australia, and Mrs. Haven Smith, U.S.A. The conference was opened by Sir Dallas Brooke, Governor-General of Australia.

**BRIDGES OF FRIENDSHIP**

Main address was given by the dean of the faculty of law, Prof. Talman Cowan. Sir Kingsley Norris was one of the distinguished speakers and he paid tribute to the A.C.W.W. for its efforts in building "bridges of friendship across the world".

Dame Alice Berry, president of the Country Women of Australia, was chairman and she welcomed all the guests. The theme of the conference was "The Country Women's part in a changing world".

There were some light moments during the conference. The delegates were entertained by songs and sketches in a pageant, "Australia Presents"—and they listened to a glorious choir of 130 voices.

Native songs and dances were thrilling. The delegate from the Irish Republic, Mrs. Kit Akern, gave the invitation to hold the next A.C.W.W. Conference in Dublin, Ireland, and this was accepted for 1965.

**WORTHY PARTNER**

Mrs. Van Beekhoff, in her welcoming speech, stated that, as a power for good, "the A.C.W.W.

## CONCERT TO AID CAMPSITE AND SCOUT HALL

A Girl Guide and Brownie variety concert will be held in Sidney elementary school next Monday evening. The program will include singing, dancing and piano playing. A lucky admission ticket holder will win a Christmas turkey.

Proceeds of the concert will serve a two-fold purpose. Part of the profits will be used for making repairs to the Sidney Scout Hall and the remainder will be added to the Kingswood Campsite Fund.

Monday's variety concert will commence at 7.30 p.m. at the school.

had become a worthy partner in the international field, and had gained the respect of members of the U.N. family.

"Its value has been realized by the U.N. and had been granted consultative status with the economics and social council, and with the U.N. Specialized Agencies."

A black opal ring was presented to the retiring area-president, Dr. Nancy Adams, and from our own B.C.W.I. Mrs. Palmer presented Dr. Adams with a jade brooch, featured in the B.C. Handicraft exhibition.

Mrs. Roylance, tour conductor, received an Australian opal from the pre-conference tour party.

At the close of her interesting talk, Mrs. Palmer showed some slides of many of the places en route, in Japan and Hong Kong, and of course, in Australia.

This brought a delightful evening to a close, and Mrs. Robinson then presented the guest speaker with a corsage.

Mrs. A. Ingram, past president of the district board, expressed the gratitude of the assembly to Mrs. Palmer.

**COLLECTION**

The hostess W.I. at Colwood then served refreshments and a collection was taken at the door for the "Pennies for Friendship Fund"; \$12.82 was turned in for this.

Members of the W.I. from Salt Spring, Pender Islands and Victoria and Vancouver Island districts, were present at this meeting.

Those who came from the Gulf Islands and were unable to return home that night, were shown the hospitality of the District of Colwood.

**LONGER LIFE FOR TREES IS PROMISED**

A biological method of controlling tree-killing fungus diseases has been developed by a University of British Columbia scientist.

It holds great promise for the B.C. forest industry which now rejects more than 60 per cent of the timber it cuts because of fungus infection.

The new method of biological control has been developed by Professor John E. Bier of U.B.C.'s department of biology and botany, who also holds the chair of forest pathology in the faculty of forestry.

The new method is deceptively simple and is based on the natural balance between beneficial and harmful organisms which live on and within the above ground parts of trees.

The beneficial organisms—fungi, bacteria and yeasts—if present in sufficient numbers, will provide a natural biological mechanism for keeping the harmful fungi under control, Dr. Bier's studies show.

Where there are not a sufficient number of these beneficial organisms present the harmful fungi enter the tree through any natural crack or broken limb and destroy the wood over a period of 40 years or more.

Dr. Bier has attacked the problem by preparing a solution containing microorganisms from the wood, leaves, and bark of healthy trees.

Parts of healthy trees are put in distilled water and placed on a low speed shaking table for five days. When tree cuttings are dipped in the resulting solution their resistance to the harmful fungus disease is also complete.

## NEW SPHERE OF ACTIVITY IS PUTTING SIDNEY ON MAP IN ENGRAVING

On the left Ted Martin is seen engraving a plaque which will be mounted on the base of a small trophy. And here is the proof of the work. Mrs. Harvey Currie, in the right-hand picture, checks the engraved plaque against the original copy.

New business within a business is putting Sidney on the map. Since Martin's Jewellers, on Beacon Ave., set up an engraving shop 18 months ago their business has expanded to take in communities all over Vancouver Island.

Not the least important aspect of this new operation is the work undertaken for the shipbuilding industry. Plates and plaques for innumerable purposes have been prepared locally to travel the world as a sample of local workmanship.

The machine in use is based on the familiar pantograph. A pointer serves as a guide to the operator and the engraving tool travels the same path, but on a smaller scale. Each set of letters to be used is set out on the machine and the guide follows the contours of the specimen letters.

In a similar manner to printing, every line of type must be set up beforehand in order to engrave the words desired. In addition, the letters must be changed when a change of type style is sought.

**DIAMOND CUTTER**

The guide, which is held by the operator, is stationary. The cutting tool rotates in order to etch the words into the metal. For ordinary purposes the cutting tool is diamond tipped and will cut into any metal even such hard surfaces as stainless steel. The same machine will also engrave deeply for filling with colored paint or wax. In such cases the diamond is changed for a special carbon steel cutter.

**RUST RESISTANCE**

The resistance of nickel to corrosion in the atmosphere and in many corrosive media was established early in the history of the nickel industry and was responsible for the first large use of nickel—in electroplating.

Plastic and other soft materials are child's play for the engraver, which will work in them almost as fast as the operator can move it.

The arm of the pantograph is adjustable to vary the size of the letter and a guide letter will produce an engraved word less than one-eighth of an inch in height up to an inch or more.

**ALREADY SKILLED**

There are three operators already skilled in the use of the en-

graving machine. In addition to E. F. Martin, proprietor of the business, there are Mrs. E. Graham and Mrs. H. Currie ready and eager to handle the equipment.

In addition to the commercial work which has justified the establishment of the engraving shop, the store handles its own work for local customers.

More accurate than hand engraving, the system is more practical than etching.

## CONVERSATION PIECE

## Organ Music Proves To Be "Connecting Link" For Day

By DORIS LEEDHAM HOBBS

Isn't it delightful when, quite out of the blue, you chance upon what I call "connecting links" in daily life?

At the large and successful tea given by the Icebreakers, and a host of sponsors, for the fund to support Victoria's Flower Girl scholarship fund, one of the attractions was the organ music, played throughout the afternoon. I rang up the lady responsible, and found that we owed our pleasure to Mrs. Kay Pullyblank of the Islander Motel, 35 Gorge Road. Mrs. Pullyblank came from Edmonton over a year ago, and fell in love with

Victoria; she brought her Hammond electric organ with her and had it taken to the Empress Hotel on Wednesday, Nov. 7 where she played all afternoon.

Playing for Mrs. Pullyblank's joy and profession, for in Edmonton she taught and played for Premier Manning's broadcasts for 8½ years.

As I am an Edmontonian of long ago, we embarked on the usual "Did you know so and so?" and found several mutual friends. I am glad to be able to pass on the thanks of so many in that crowd to Mrs. Pullyblank for her kindness and delightful music.

Arranged along the west side of the lounge, was an exhibition of flower studies and landscapes in oils, pastels and water colors by members of the Victoria Sketch Club. These had been chosen to complement the flower girl idea. Three examples of pressed flower pictures in what might be called "Victorian Revival", showed what might be done with our wild flowers and simple garden varieties.

The Victoria Sketch Club is over 50 years old, and is the oldest in Canada. It is good to think that its present members are carrying on the good work and giving pleasure to others.

REV. STANLEY LEECH

PARISHIONERS WELCOME NEW RECTOR AT SALT SPRING CHURCHES ON SUNDAY

Anglicans of Salt Spring Island parish welcomed their new rector, Rev. Stanley J. Leech and Mrs. Leech, at the services on Sunday. An official reception will be held this week in the parish hall.

Mr. Leech, a native of London, England, who trained at the University of London, was in charge of the parish of Lytton, B.C., before coming to Salt Spring.

Rev. and Mrs. Leech came to Canada from England nine years ago, and served in northern British Columbia on the borders of Yukon and Alaska for two and one-half years. From there they went to Queen Charlotte Islands where Mr. Leech was skipper of the mission ship, his mode of transportation around his sea-girt parish. He was then called to fill

an emergency at Fort St. John for a short time before going to Lytton, where he remained for three years in charge of 12 churches. To reach his scattered Indian

Vancouver, Miss Joyce Tauber accompanied Miss Linda Nagel and herself on the accordion as they sang a duet. A solo was sung by Miss Lynne Bennett, Mrs. J. Severn was pianist.

Mr. Pritchard is conducting a series of gospel meetings this week. A film on Africa will be shown on Thursday evening at 8 o'clock. The public is invited. Frank Miller is pastor of the young church. He and Mrs. Miller reside on Rainbow Road, Ganges.

NEW CHURCH IS DEDICATED AT GANGES FOR FULL GOSPEL

A milestone was reached on Sunday by the congregation of Full Gospel Chapel in Ganges, when their new church on Mount Park Road was opened and dedicated. The congregation, which was organized only two years ago, recently purchased, with the help of Evangelistic Tabernacle congregation in Vancouver, the Ganges sawmill and property and set about converting it into a church. The result is an attractive, warm

and well lighted place of worship. The dedication service was conducted by Rev. L. A. Pritchard of

L. J. ARMSTRONG ELECTED AS PENDER SCHOOL TRUSTEE

L. J. Armstrong was elected Pender Island school trustee at the annual meeting of Gulf Islands School District No. 64, held in the Pender Island school Tuesday evening.

This was the largest school meeting ever held on Pender, with

72 persons present, 62 of whom were eligible to vote.

Bishop M. E. Coleman was elected chairman and Mrs. Elmer Bowman, secretary. Annual reports were heard and approved.

A resolution passed at the Ganges school was asked to be read but it was unavailable at the time. However, its purport was discussed, that a second referendum on the building of additional facilities at Ganges school be postponed until the feasibility of building a high school on Mayne Island has been investigated.

Considerable discussion ensued and a motion was finally passed that the matter be left in abeyance until a copy of the resolution had been received from Galiano for study.

A vote of sincere appreciation for retiring trustee Mrs. Frank Prior, for her untiring efforts on the board during the past eight years was warmly endorsed. Mrs. Prior is presently hospitalized in Victoria.

Women Here Debate Role In Government

Workshop composed of five teams answered questions regarding the role of women in government today, on all levels, at the recent meeting of the Sidney Business and Professional Women's Club. Each team expressed views on a particular phase. The views were compared with the findings of National Club and a surprising similarity was found.

The Home Helpers Service has received a good response from volunteers and applicants for help. Three guests were welcomed, Miss Joan Chamberlin, Mrs. Runge and Mrs. B. Russell, who spoke on the Red Cross home emergency service in Victoria.

Satin quilt was won by Mrs. E. A. Nelson, Chalet Road, Deep Cove. The funds from this draw are to be used for the Sidney B.P. W.C. Bursary Fund, which was won this year by Diane Wilson.

Next meeting will be a Christmas party at the home of Catherine Milne, Lochside Drive.

IN AND Around Town

(Continued From Page Two)

T. E. Jewell of Haney, B.C., is visiting his daughter and son-in-law, Mr. and Mrs. M. R. Eaton, Beacon Ave.

Mr. and Mrs. N. K. Kitchener of Hillsborough, California, are guests at Craigmyle Motel, and will be taking up residence in the district.

Mr. and Mrs. Ralph Harper and Mr. and Mrs. James Steele, all of Victoria, are staying at Craigmyle Motel.

and white congregations, Mr. Leech was obliged to travel much of the time by horseback. Church services were held throughout the week and every day was "Sunday" as he ministered to his flock, spread out on both sides of Fraser Canyon, from Yale to Lytton and beyond.

Rev. and Mrs. Leech are very happy to be on Salt Spring. The island reminds them of England; Devon in particular. They look forward to many years of fruitful service in their new parish.

the Drama of DRUGS

By FREDERICK PHELPS

By JIM BRIGHAM

One of the most frequently used of all medical terms these days is the word "virus". How many people know what a virus is? What diseases do they cause? Let's look at the last question first. Many common ailments are caused by a virus—measles, mumps, chicken pox, influenza, the common cold, to name a few. Among the more vicious diseases, paralytic polio, infectious hepatitis, and rabies are also caused by viruses. Some scientists see a relationship between viruses and cancer. The nature of viruses themselves is still pretty much of a riddle. They are made up of acid and protein, but exhibit no life until they infect a living cell. One other thing is known for sure, though they can sometimes be controlled, they can cause great discomfort in spite of their smallness. Viruses are so small that they can infect bacteria!

Christmas is only about one month away and we have stocked a wide variety of your Yuletide gift requirements. Come in at any time and look around. We'll be happy to lay away any gifts until you require them.
